Re: Harbor Island Utilities, Inc. Rate Case Docket No. 2007-243-W/S

Dear Ms. Boyd:

When the Public Service Commission of South Carolina approved our new rates in December 2007, it included a provision that allows us to pass through rate increases that we incur.

We received two notices from the Fripp Island Public Service District (FIPSD) that effective July 1, 2011 and July 1, 2012 our water cost will increase by \$0.01 (1¢) per thousand gallons. Please see the attached copies of FIPSD's letters. This raises our commodity rate from \$4.37 per 1000 gallons to \$4.39 per 1000 gallons. For an average user of 300 gallons per day, the increases amount to a total of \$0.18 (18¢) per month.

We must provide you a 60-day notice and we must provide our customers with a 30-day notice. The notice to our customer will be sent with the bills that we send next month in mid-July.

Please accept this letter as the official 60-day notification.

Please let me know if you need any additional information.

Sincerely,

Robert G. Gross
President
